

FORTHEM Collective Short-Term Mobility

Innovations on Europeanisation

Organising university: University of Latvia

Location of the event: November 8-12, 2021 in Riga

Organisers: Department of Political Science, University of Latvia

Project description: The goal of the project is to identify students experience with Europeanisation and find new ways for promotion and fostering coherence among member of the Forthem Alliance towards productive cooperation, as well as to foster EU cooperation in different fields. Thus, proposed innovation week will have double long-term benefits – the first will cover intensification of cooperation between participating universities, while the second will be targeted on raising awareness and deepening of knowledge of Europeanisation in various policy fields keeping in mind its potential transfer to the countries wishing to join EU.

Day by day programme:

Day (date if known)	Morning	Afternoon	Evening
