

FORTHEM Collective Short-Term Mobility

FORTHEM International Student Involvement Week

Organising university: University of Burgundy

Location of the event: Dijon – University of Burgundy

Organisers: ESN InsiDijon is part of ESN (Erasmus student network) and we aim to welcome and integrate all the international students coming to Dijon, as well as the other youth in mobility. Our second objective is to promote and help local students getting an international mobility experience.

Project description: We want to offer a complete mobility experience with the educational, fun and social aspects that Erasmus students can experience. Through workshops and concrete examples, we would like to encourage students to be more active in their universities and create links between students and associations for the creation of new trans-national projects within the alliance. We want to push them to take more initiative and show the impact that these projects and student associations can have on local communities and how to put all this involvement to good use.

Day by day programme:

Day and date	Morning	Afternoon	Evening
29.03.2021	Arrival / Visit of the University of Burgundy and all the services	City tour of Dijon and some cultural places	French dinner
30.03.2021	Workshops: - Get to know each other (intercultural exchange) - Student involvement and the different actions (Vision form the different countries)	Visit and activities in a School (Impact on educational institution)	International dinner (everyone bring something from the home country)
31.03.2021	Workshops: - What student involvement can bring to you? - What international mobility can bring to you ?	Visit and activities in a youth centre for disabled kids (impact on social causes)	Free evening
01.04.2021	Workshops: Project management (social fields) How to have an impact on the local community	Visit and activities in and retirement house (impact on a different audience)	International party (with other international students of Dijon)
02.04.2021	Visit of Beaune Summary and feedback on the week		Departure

Eligibility criteria and selection criteria specific to this project: We are looking for students from any field or any scholar year, involved in an association or willing to be part of an association. A priority will be given to students with board positions and from different kinds of association.

To apply please attach a CV listing the different volunteering experiences and a motivation letter describing personal projects in the associative world
