

JyYK ry – The United Nations Association of Jyväskylä

JyYK ry – The United Nations Association of Jyväskylä is a civic organization founded in 2006. Our purpose is to promote the principles and goals of **the United Nations**, such as the [sustainable development goals \(Agenda2030\)](#), as well as ensure their realization and publicity in Jyväskylä area. We also aim to increase the participation and involvement opportunities of local people in international development issues. The main function of the association is informing, mainly through organizing various events in relation to the UN theme days. JyYK is a member of [the UN Association of Finland](#) and the [UN Youth of Finland](#).

A possible project

- To find a way to connect with as many alliance member universities as possible
- To organize an event related to Agenda 2030 themes in all the locations at the same time
 - / The idea is to do something good in the local environment, e.g. to clean a local lake same time
 - / Mix of people would travel to different member alliance countries
 - / An easily reachable event. An everyday thing – picking trash and putting it somewhere, posting pictures, filming it, having the event in news etc.
 - / Videos in social media to spread the idea
 - / First it's difficult but it is easier to do in the future
- Needs not to be an UN association, but an association which wants to work for the society
